

**What is ASAP?**

ASAP was created to provide candidates an innovative one-stop online assessment resource. The ABRET Self Assessment Program is the only study tool created by ABRET for our 5 Board Certification exams.

**How was the ASAP practice exam created?**

ASAP was custom designed by a dedicated group of ABRET credentialed educators and professionals to assist in preparation for Board Certification.

**Can I share my login information and/or questions with others?**

No. It is against the ASAP Terms of Use to share your login or any questions in the ASAP program. Sharing of an ASAP practice exam will also take away from the benefit of knowing your personal strengths and weaknesses.

**Why should I purchase ASAP?**

The ABRET Self Assessment Program is a tool to help you prepare for your Board Certification exam. However, ASAP is just one of many resources available and should not be the only means of preparation for board exams.

ASAP was designed with candidates in mind. Depending on your use of ASAP, you may experience various benefits.

*A few benefits of ASAP:*

- Hundreds of questions custom designed by ABRET credentialed professionals throughout the neurodiagnostic profession.
- Realistic exam questions from each of the relevant exam categories, based on ABRET exam outlines.
- Detailed, personalized reports to help you analyze your strengths and weaknesses.
- Peace of mind and a feeling of preparedness when sitting for an ABRET Board Certification exam.

**What does the ABRET Self Assessment Program consist of?**

ASAP consists of questions designed by ABRET credentialed neurodiagnostic professionals throughout the industry. Additionally, ASAP contains specific and realistic exam questions from each of the relevant exam categories you need to know for any of the 5 ABRET Board Certification exams.

**How does ASAP best prepare me for the ABRET Board exams?**

ASAP is the only tool created by ABRET for the ABRET Board Certification Exam. With questions from each relevant exam category, it is a comprehensive self assessment tool to guide your study.

**Am I guaranteed to pass the Board Certification exam if I purchase the ABRET Self Assessment Program?**

While ASAP is meant to help prepare you for the exam, use of this product does not guarantee a passing exam score. Additionally, it is far more important to understand the meaning behind the questions and answers. Simply memorizing answers will not provide an adequate exam score or deeper understanding of the subject matter.
